

# Past District Governors

## District 2 - (1918-1930)

From 1918 through 1930, the entire State of Texas was one 'Single District' - an 800+ miles across and over 900 miles from San Benito in the lower valley to Texline in the upper panhandle. It was a mighty large area for one Governor to cover !!!

## District 2X - (1930-1958)

In 1930, the LCI divided the State of Texas into five 'sub-Districts' (2T-2E-2X-2A-2S), each with their own District Governor. Still some mighty large Districts, but better than the whole State of Texas.
